DR. GERALD MIDDLETON

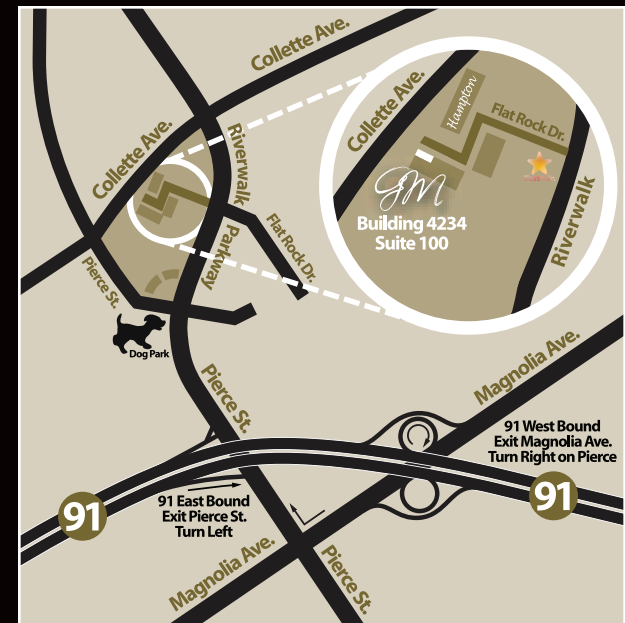

Dr. Middleton obtained his undergraduate degree from California State University, Long Beach before studying at Marquette University where he earned his DDS (Doctor of Dental Surgery). Upon graduation he received the Academy of General Dentistry Award for the outstanding general dentist of his class. He then completed a general practice residency program at Rancho Los Amigos Medical Center in Downey, California.

He is active with the American Dental Association, the California Dental Association, and the Tri-County Dental Society. At the local level he has served as President and continues to serve on several boards and committees, including Trustee to the CDA. Dr. Middleton remains committed to the continual advancement of his education by membership in the Corona-Riverside Dental Study Club, the Dawson Academy (a learning center for the Advancement of Dentistry) and the Dental Organization for Conscious Sedation. He is a fellow in both the Pierre Fauchard Academy and the American College of Dentists, which recognize excellent achievements in the Dental profession.

Dr. Middleton has been practicing dentistry in Riverside since 1993, and welcomes the opportunity to share his passion for dentistry with you.

ART.

A smile is worth a thousand words. A popular phrase, and very true. A shiny white smile promotes self-confidence and provides a lasting impression among people you meet.

The Art of Dentistry is the creation of that shiny white smile. It is our passion to keep your teeth healthy, not only visually, but internally as well. And healthy teeth are then artistically crafted to create smiles that last a lifetime.

SYMMETRY.

Top. Bottom. Right. Left. All sides must be symmetrical.

There are more elements to the perfect smile than just having shiny white teeth. Symmetry in Dentistry is your teeth being in balance. With extensive training as well as many years of experience, Dr. Middleton ensures that your teeth bite together correctly. With proper symmetry, not only will you see the difference, but you will feel it too!
